if you want to make love to me, then you have to make love to my tight little butt, too.

Believe me, you're not going to hear many girls say that they want their butt fucked, but I do. It's a no brainer. It's a hole, and it needs to be fucked. None of this 'it's an exit, not an entrance.' It's there to be fucked when not in use!

There are two guys waiting just off camera to fuck me. So take your pictures, then I gotta go. I don't want to keep their boners waiting.

Okay, Mr. Cameraman, you gotta click that shutter faster. I've done every pose you asked for. I think you just like looking at my young naked body. And I don't blame you. Just look at me. But I got two naked guys looking at me, and unless your cock is bigger than theirs, this is gonna be your last shot.

Momma said there'd be days like this. When you confront something larger than you can handle. But I did my best with this long nine inch cock. It belonged to this beautifully built man who really knew how to use it. And use it he did. In my mouth and in my pussy, until I got the advantage and milked it of all it's delicious man juices.

hitting just the right spots

We had just come home from a wonderfully romantic dinner at a local Chinese restaurant. In between bites we were so engrossed in each other we could have fucked right there in the restaurant. Only having been together a month, the romance was new and the sex was out of this world. We took our sweet time getting back to his place, but lost absolutely no time in getting into his bed.

I'd only been with a few other guys, but this one really rocked me. I love everything about him. I want to eat him up, and between you and me, I think I might just end up marrying him. I'm 19 and he's 20. Back at his place, we freshen up and jump into bed. Wasting no time, I start playing with his cock. It got amazingly rock hard rather quickly. His hardness was a happy surprise for me because all of a sudden he gets on top of me and starts screwing me furiously. Instantly, my body responds to this roller-coaster ride and my tongue just starts tracing over his neck and face as we do it. My mouth wants what my pussy has, but for now I let the greedy pussy have her way with him.

There's a thing that happens with his cock that amazes me since I've not been around that many and have found those I've been with as different as the guy they're attached to. When he fucks me, I get a sensation as if it is telescoping into my pussy. As if it is one length outside me, but seems to grow longer and wider as he goes deeper into me. And that's what happened tonight. That telescoping cock did its perfect thing and I came with this wonderful gushing wet feeling all over. It was simple, but oh so effective.

There was one other thing he did that amazed me, too. Something I never experienced and it happened just as I thought we were winding down for the night. I was still lying beside him and had probably already had about a dozen or so orgasms, though they're kinda hard to differentiate when they're the kind that blend together into one very long one. We're laying there basking in our latest climaxes when he rolls me onto my stomach and pulls my hips up so I'm now on my knees with my ass in the air. Then he starts playing with that tender spot between my clit and vagina after parting my labia. He starts with his fingers playing around the area with little sweeps of the fingers, soft pinches and an occasionsal probing entry into my wetness. Then quickly he graduates to his tongue. He mimics his fingers, but he knows it's softer and wetter. It too swirls around my little button and flicks it as it passes by.

YES, I'M WET.
I'm also sassy, opinionated,
a bitch, a sweetheart, your lover,
and your worst nightmare.
I'm your ex – asshole.

Well, I got a sensation I never had before. I think a different type of climax occurred when my pussy was approached from the back rather than the normal way from the front. What's amazing is that it's the exact same spot being stimulated. I wish I could tell you exactly what he was doing, but I was a moaning, sweaty limp mess by this point.

I think he was fingering my ass while something else was softly pushing into my pussy lips and engaging this special spot just below my clit. It gave me this soft, creamy feeling that was really sweet. Much of this night was like that – creamy and sweet. I kept having orgasms from the slightest wisp of a touch in just the right places. Sometimes he sucked on my breasts and nipples, and when his mouth wasn't there, I'd get this wild suction feeling, as if my entire breasts were being pulled up into a giant sucking mouth. Then I knelt over him and we started kissing really deep and frantically while he fucked me with his thumb and his other hand played with my ass.

When it's wildly erotic like that, I like the ass business soft, and the clit play right on the spot. I also like the strong, pointy feel of his tongue in my mouth. His tongue makes me want to put my pussy right over it and have him suck and lick it until I can't hang on any longer.

I have to admit that the rest of the night was a blur. As I panted to catch my breath and kissed him goodnight, I declared the evening almost entirely indescribable but here I am sitting in the next room about to write you this letter. I hope that I can describe it well enough so you can appreciate a good lover. But now that I've finished, I think it's time to wake him and do it all againl. Byeeee!

reality sucks

This is a real story and it happened to me. I was in the empty laundry room of my apartment building and the hum of the few washers and dryers lulled and comforted me after a long day at work. To pass the time, I put on my headphones and settled into the sounds on my music player. I closed my eyes and relaxed against the washer, lost instantly to the music and the vibrations from the washer which enveloped me.

Not ten minutes into it, my mind wandering from song to song, I leaned forward across the washer, swaying my hips to the beat. Suddenly it was then that I became aware of the lightest of touches against my neck, and then another on my shoulder as soft hands reached around moving against me. I feel a warm, hard body as the straps of my dress slip from my shoulders to my arms. Soft kisses on my cheek, neck and shoulder and I arch my back and turn my head around towards the warmth.

My eyes are still closed when warm lips find mine. First softly they kiss me, sweetly caressing mine, then more urgently until a searching tongue finds its way between my lips and is met with mine. The hands leave my shoulders. One finds its way inside my dress to my breasts; nipples now awakened by the rough touch, are pinched and tormented. The other hand slips lower, just barely brushing against stomach until it slides my hem up to reveal my panties and then slips inside the elastic band.
I find myself grinding against a sudden hardness pressing against my lower back and at the same time against the two fingers that have opened me up to allow the third to work expertly on my clit. I moan desperately as it is slowly dipped inside then back again precisely rubbing across its now slick target. Like the clothes in the washer in front of me, I am being

worked to lather. I cannot contain a shiver as I feel my undies peeled to the side from behind and I am lifted slightly.

A hot, hard cock slides easily between my thighs and presses against my wet swollen clit, lingering and retreating. I cry out as I am driven crazy by the sensations and my legs are trembling – and then when strong hands hold me by the hips, the thrusting begins at last. I am pressed hard against the washer which is now vibrating madly on its spin cycle, sending delicious sensations through me from the front while I am riding against him.

The soaked lace from my panties is rubbing across my clit with each thrust sending tremors through me and I feel myself clamping down onto his cock as I start to cum. Crying out I fall forward onto the machine which finished its spinning, just as I did.

Suddenly the earphones are roughly pulled from my left ear. A woman's voice is asking me if I am alright. I open my eyes and notice it's the manager. I say, "Yeah, yeah. I'm alright." as I look around the room searching for that warm, hard body. ●

play time

I'm writing because it may help some of your older readers enjoy a more varied sex life. My wife and I like to play a seductive little sex game before the main act. It has worked for us. We've been together twenty-three years, it's really spiced things up.

We're going to a local hotel. There's no pretense that this is for anything but the satisfaction of our sexual desires. We have done this before, but this time I told her that I was bringing something new.

We agreed to meet at eight, and I'm first to the room. I have nothing with me except the clothes on my back and a paper bag containing various items. I pull the covers off the bed so only the sheets are exposed. On the pillows I lay out five different items that will be our amusement for the evening. These consist of a bottle of chilled wine, a vibrator, a whiffle ball, a small cucumber, and large candy bar. I bet you can guess what's going to happen and you're probably right. But guessing about it and doing it are completely different.

Five minutes later, she enters the room. She walks over to me and kisses me a light 'hello' while eyeing the objects on the pillows. She whispers that she likes the selections and proceeds to the bathroom. Moments later she comes out totally nude.

Let the games begin: I have written on a piece of paper the order in which I think she will choose the items. She has only one hour to use all of them in the order she wants. I cannot touch her or say anything during that hour. The object is to see which will get her off either the fastest or the best. She can be in any position she wants, but can only 'play' for seven minutes with any one object and only in her pussy. After the hour is over, she'll tell me which object satisfied her the most and why. Then that object goes into our Hall of Fame so we can enjoy it together, later.

Now, dear readers, the object of this letter is not to describe my wife getting off, but to encourage you to try something new and a bit more exciting in your sex life. So... here are the results...
She selected the vibe first, the cucumber second, the whiffle ball third, the wine was fourth and candy bar last. My choices matched hers except I had the wine after the candy bar.

And the winner that she selected was, the wine. She said she liked how it felt on her clit and that she could use the neck as a dildo!
A real winner, she said. ●

I wasn't supposed to be here today. I was supposed to be in New Orleans, but there seems to be a another nasty hurricane coming so I cancelled my flight, called up Dane and said, 'Let's fuck." He had a date, but I told him to break it or he'd never get a shot at my pussy again. Well, that straightened him right up and I had his cock in my mouth a half hour later. That guys, is the power of the pussy!

I'm very active in the bedroom and it takes quite a guy to keep it up with me. A guy like James.

I have a lot of sexual stamina and a guy's got to keep up with me if he wants to fuck me again. I've had sex in a lot of places, but one thing I'm going to try this New Year is to have sex in the middle of Times Square as the ball drops at midnight. I'll wear jeans with a hole cut in them at just the right spot. I think you know the rest.

a friend is a friend, until Sex is Involved

I just couldn't wait for him to make the first move

We had been friends for a while and I knew he liked me. Every relationship I had been in had gone sour within weeks and I didn't want to lose my best friend. Brennen was great about it too and though he often told me his feelings he never pressured me to say anything back. We hung out at my house almost daily after our college classes. Most days we would hang out on the porch swing or watch TV in my room and he would go home in the evenings. I loved spending time with Brennen because he wasn't like other guys. Not only could he bring me out of a bad mood almost instantly, make me laugh without trying; but we could lay on my bed and watch TV without him ever getting too friendly. We would cuddle, but that was the extent of it.

Today was like any other day. Brennen came over to my house and we grabbed a drink from the fridge and ran up to my room. I flipped the channels on the TV until I found a movie. As on every other day I had changed out of my school clothes into small shorts and a body hugging T-shirt. Though I tried showing off what little I had, Brennen never took the bait. I wished every night that he would get a naughty streak one day and stop being so nice.

I had snuggled up to him and we had fallen asleep until I woke up with his arms wrapped around me. I noticed all the lights were off and there didn't seem to be any light coming from downstairs, nor any noise. Though at this time of the night, even on a Friday night like tonight, everyone was usually asleep. I wiggled out of Brennen's grip without him stirring. The moon was shining in my room and I had pretty good light. I couldn't help smiling because he was so darn cute. I whispered his name to see if he would wake up and the only reaction I got was for him to roll onto his back.

I had dreamt of this many nights, except in my dreams I woke up to him touching me and though the dreams varied, we always ended up making love.

If I woke him I would still be too shy to tell him to stay with me, but at the same time it seemed like a waste to just cuddle all night. While I was debating with myself, my hands had taken on a life of their own. I had started inching his shirt slowly upward, so as not to wake him, and started lightly running my hand on his stomach. I knew

there wouldn't be an easy explanation if he woke up, but I was enthralled with how soft his chest hair was. I ran my fingers around in his chest hair and lightly scratched my fingers down his side, giving him goose bumps.

He barely moved throughout my exploration of his stomach so I got bolder. I started running my fingers along the top of his jeans. Even in the darkened room there was enough light for me to see that I was having an effect on him. I had no clue what he was dreaming about but I'm sure they were turning sexual if they hadn't been before. My own body was responding in ways I wasn't used to, which just served to let my shyness slip away. My body was on fire and I wanted him, needed him to wake up. I had masturbated before but I knew that it wouldn't suffice this time. Besides I would rather Brennen wake up to me touching him, than him waking up and seeing me fingering myself.

When I went from running my fingers along the top of his jeans to slowly undoing his the button and unzipping them, I noticed a change in his breathing but continued. I was sure he was awake and if he wasn't going to stop me then I was going to see how far he let me go. I rubbed the very noticeable bulge through his boxers. I loved the effect I had on him. I slipped out of bed long enough to close and lock my bedroom door. From the edge of the bed I could see that Brennen's eyes were open. I knew I had gone too far to explain why I was touching him in my sleep. I stood at the edge of the bed and started taking my clothes off.

Pretending I didn't notice he was awake, I pulled my T-shirt over my head and unsnapped my bra. I pulled my shorts off, leaving just my g-string on. It was soaked with my juices and for a moment I debated on taking it off, but decided to leave it on. I was so horny that when I had pulled my shorts down, just the slight touching of myself had made me moan from pleasure. I ran my hands over my pussy, ever so lightly, but enough to make me moan again. I was beginning to believe it was a very vivid dream since Brennen hadn't tried stopping me.

When I crawled back into the bed, I straddle Brennen and kissed him. He kissed me back, pulling me closer to him. His first kiss sent tingles shooting throughout my body and I had a mini orgasm. Afraid to break the spell by talking, I used my flexibility to kiss him while slowly working his jeans off of him without breaking the kiss. Maybe Brennen didn't quite realize that it wasn't a dream either, but he didn't try to stop me. I started grinding on him, loving the feel of his hard cock rubbing against my wet bottoms. I wanted him to fuck me then and there, but as soon as I started pulling his boxers off, I was flipped onto my back. He pulled away from me breathing heavily, trying to get himself under control.

I mean if we were going to do something to regret later, I wanted total release, not the pent up orgasm that had been building. I was stark naked. I pulled him back to me, kissing his neck and nibbling on his ear. With that I lowered my head to his crotch and licked him from his scrotum to the tip of his shaft. He groaned as my tongue licked at the hole in the end just before I wrapped my lips around the head and sucked him into my mouth. I took him just a few inches in as I looked up at his face. I drew back and then took him deeper. I began to pump his throbbing cock deeper into my mouth until I had almost all of him. I felt his cock hit the back of my throat as I sucked and licked him.

He pulled my head up and kissed me and I felt the heat building again. My body was begging for him, and the determination I had of keeping our relationship platonic had disappeared. If I had known that kissing him was going to awaken my body I would have done it earlier. He asked if this was what I really wanted. I don't think he was ready for the response I gave him. I whispered into his ear, "I love you and there's nothing I want right now more than to have you make love to me."

He kissed me with renewed passion. His hands traveled all over my body followed by his lips. I thought his hands felt good on me, but his lips brought on a whole new wave of sensations. He ran his tongue around my nipples, lightly flicking them with his tongue, then engulfing them in the heat of his mouth. Every time he switched sides, the other ached for his touch again. I lost count of the orgasms wracking my body as I tried not to make much noise. My nails dug into his back. When he started rubbing his hand on my pussy, a whimper escaped my lips. He found my clit and rubbed it while nibbling on my left nipple. I knew I was humping his hand and drenching it in juices. It didn't take long and I screamed into his shoulder as a huge orgasm hit me. Instead of being satisfied I wanted him inside of me. I had turned from shy to hornball and I didn't want to go back.

My politeness was gone and I ordered him to fuck me. He started to comply, hesitating at the entrance of my pussy. I gripped his cock and guided it in. It hurt a little bit, but before he could get all emotional about hurting me, I wrapped my legs around his waist and raised my ass off the bed forcing him to bury his cock into me. It felt so good. I didn't want it to ever stop. It felt so good but he didn't last long. I knew that though it was first time for us, it wouldn't be the last. I went to the bathroom to clean up. I took my time.

When I walked back into my room I saw my own fears mirrored on his face, but no regret, only the love he had shown me before. I kissed him laying his fears to rest, and cuddled him knowing this was the start of a wonderful relationship.

I like to be licked on my neck, around my nipples, and down there. If I can sense that a man knows how to use his tongue, then I know he'll be able to use everything else he has. There are many little signs to look for, but sometimes the most obvious are the ones that matter the most.

At dinner one night, I was with this really cool guy and I told him that if he followed me into the bathroom, I'd give him a hummer. He followed me in and we went into a corner stall and I unzipped him and swallowed his cock. We only dated a few more times after that.
